Sometimes life can be busy. Too busy! We want to encourage you to slow down and visit your library where we have so many things to offer besides just books! Check out the community puzzle table and browse our periodicals. Breathe deep and enjoy the best smell in the whole world– the smell of books.

While you are here browsing, why not look for an item that can help increase focus, cancel unwanted noises and relieve stress? They are a treat for your ears and mind, instead of your eyes.

Think of an item that really brings out the *MAGIC* of music and audiobooks, but also lets you block out those annoying and distracting background noises. Library Items are usually found in the LIBRARY of THINGS section.

So a library call number ID might look like: *Adult Library of Things* HEADPHONES24
