

More Than 4:

Print & Fill Out Your Form at Home!

Did you know that the average American adult reads about 12 books per year? A Gallup study shows this is the lowest average since 1990.

Kick start 2025 by setting a reading goal! Kenosha Public Library is challenging adults in our community to read more than four books between January 1 and March 31 to help you beat that reading average and kick-start your reading for the year. Participation reading cards will be available at all branches. Patrons that return the reading card will be entered into a drawing for local business gift cards. **For more information, visit mykpl.info/morethan4**

January 1 - March 31
